## December 4, 2016: Second Sunday of Advent

### Scripture Reflection by Father Matt

Dear sisters and brothers in Christ Jesus,

We have been baptized with the Holy Spirit and with fire. "Baptism by fire" has become a common phrase in our culture to refer to a rapid or difficult introduction to something new. This is not how John the Baptist uses the phrase. John is addressing the Pharisees and Sadducees who have come to him seeking the baptism of repentance without having properly prepared their hearts. John asks them to "*produce good fruit as evidence of your repentance.*" They are guilty of the sin of presumption—they think that their sins should be forgiven just because they are members of the People of God.

John's reference to fire in the baptism that Jesus will bring refers to the cleansing fire that burns away the useless chaff left over after the wheat harvest. The wheat (those souls who have truly turned away from their sins) will not be burned, but the chaff (those who persist in sin) will "*burn with unquenchable fire.*"

John is making clear the deep change of heart required by true repentance. We must make a firm act of the will to turn away from habits of sin and live in the freedom of the Holy Spirit.

The Prophet Isaiah describes the sevenfold Gifts of the Holy Spirit that Christ will bring to make true repentance possible for us: "*a spirit of wisdom and of understanding, a spirit of counsel and of strength, a spirit of knowledge and of fear of the LORD.*" May the sevenfold Gift of the Holy Spirit lead us to true repentance and prepare us to receive our Lord Jesus Christ.

Peace in Christ,

Father Matthew Kuhn

## TODAY'S LITURGY BIT

Why do we sing a different Communion Antiphon each week?

As much as I could enjoy having unchecked power to plan any music I please, part of my job is already done for me. Every Mass has its own propers: texts collected in the Roman Missal that fit the Mass of the day. Many of these propers, especially the priest's prayers, must be used for the corresponding Mass. Even though I, on the contrary, technically have the liberty of replacing the proper Communion Antiphon with any approved hymn, why do I instead opt to follow the prescribed texts? 1) To foster meditation on the themes of the day. 2) To expose our parish to the richness of the Psalms and other scriptures which these antiphons use. 3) To concede that I am not the final arbiter of what is most appropriate at Holy Mass. During the codification and later revisions of the Roman Missal, liturgists more educated than I and far wiser were charged with finding the propers best suited to each particular Mass. I am ever thankful of the wisdom of those who have preceded us and of the rich tradition they have left behind.

I invite you to participate more fully in the Communion Antiphon by singing the melody printed in the pamphlet in the back of the hymnal and meditating on the Psalm or canticle verses sung by the choir. What does the choice of text reveal to you about the Mass for that day?
